

How to add the DVR/NVR on the phone App?

To add the DVR/NVR to the EZVIZ app first;

1. Connect the DVR/NVR directly to the router
2. On the TV or monitor, with the mouse go into "System Info" and type in your Admin password
3. There will be a QR code on this page
4. Open the EZVIZ app and sign into your account
5. Tap on the plus button and scan the QR code
6. Tap on add and the DVR/NVR will be added to the account
