

How to delete the account to create another one?

To delete your EZVIZ account;

1. Open the EZVIZ app through your smart phone (iOS or Android)
2. Sign into your account
3. Go to more bottom right
4. Look for "Account Security" and tap on it
5. There will be a button that say "Delete Account"
6. Read the prompt and delete the account

NOTE. make sure that you delete all the cameras from the account and also keep in mind that once you delete the account, you will not be able to create another account with the same email or phone number.
